APPENZELL CARD ALL-INCLUSIVE

THIS IS WHAT YOU NEED TO KNOW

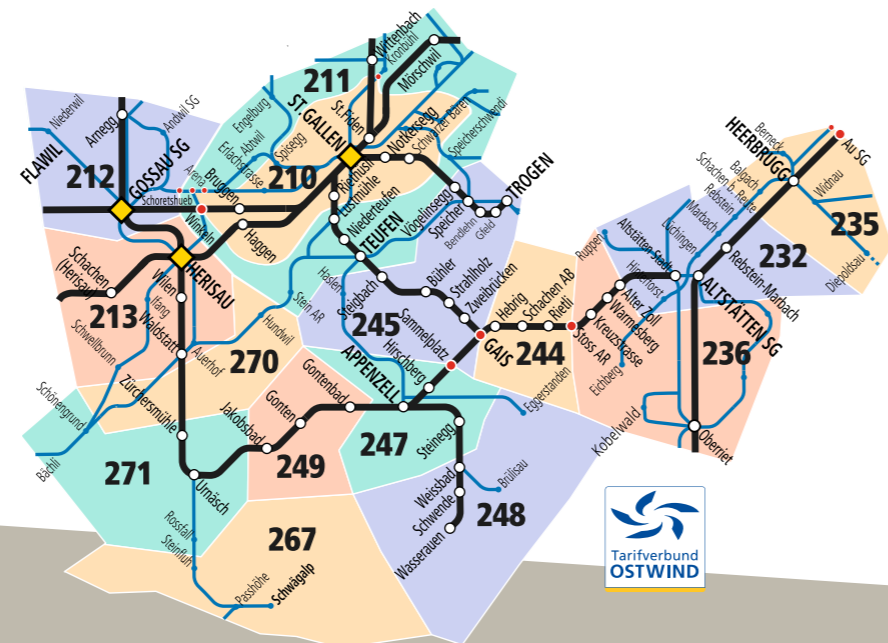

Adults and children aged 6 and over who spend three consecutive nights or more in a hotel, mountain inn, holiday apartment or B&B will receive the Appenzell Card free of charge from many establishments. The card entitles the holder to all the benefits listed on the reverse. The offer is valid in Appenzell Inner Rhodes. Ask about the Appenzell Card (Appenzeller Ferienkarte) when you make your reservation.

- The Appenzell Card is valid only with an identity card/passport with photo. The card and the identity card/passport must be shown at the counter or to the attendant before use.
- The card is issued for three nights of accommodation at full price.
- The card cannot be purchased.
- The card may not be charged by the accommodation-provider in addition to the price for overnight accommodation. It is included in the price for the overnight stay!
- The card is valid for a maximum of seven nights.
- Guests, who stay for longer than seven nights, will receive a new Appenzell Card from the accommodation-provider free of charge.
- Participants are responsible for their own insurance.
- The opening hours of the services are to be observed and complied with.
- Not all the services are available all the time. System failure may occur; there is no entitlement to compensation.
- The card is valid for second class travel on the trains and post buses. The card cannot be combined with other discounts (e.g. junior/senior card).
- The PubliCar is included in the Tarifverbund OSTWIND. However, the supplement of CHF 5 per person and trip must be paid in any case. It can be paid for in the vehicle or via app.
- There will be no reimbursement on travel tickets that have already been paid for or if the cable cars are not used because of a shutdown.
- The Appenzell Card does not give entitlement for skiers to use the cable cars.
- The Appenzell Card is not valid for special trips by cable cars or trains.
- Tennis court use is limited to indoor tennis, for one person and not for one court. Playing partners must also show the Appenzell Holiday Card or pay their share (excl. racket hire). A reservation on Tel. +41 71 788 96 41 is required.
- Registration is required for yoga lessons because the number of places is limited. There is no guaranteed right that the lesson will run.
- A toboggan can be hired free of charge at Appenzell railway station for a deposit of CHF 50. Reservations are possible, while stocks last.
- Cross-country skis and poles can be obtained from Wachshöttli in Gonten. When hiring cross-country equipment, the fee for using the cross country ski trail is included.
- Skates are available while stocks last. The hire counter is located near the natural ice rink in Weissbad.
- The children ski's lessons are group lessons for children up to the age of twelve. The lessons generally take place near the Horn ski lift in Schwende. Registration at the ski school: www.skischuleschwende.ch.
