## KRONBERG – JAKOBSBAD

The longest sledding route in the east part of Switzerland - fun for the entire family.

The Kronberg summit can be reached comfortably from Jakobsbad by cable car. After a short walk to the top, you will reach the summit cross and at the same time the start of the toboggan run. The view from up here is breathtaking: In front of you lies the Alpstein and the north face of the Säntis as well as the Lake Constance. The seven-kilometer-long sledding trail leads past the Scheidegg, passes the Chlepfhütte and finally reaches the cable car station down in the valley. The toboggan run is cared for throughout the winter. An unforgettable experience with a rapid descents is guaranteed!
