

HIKING RECOMMENDATION

«RNDOM S WISSBAD»

Roundtrip of Weissbad amid the most spectacular views

From the train station in Weissbad, turn left into the forest directly after the Hotel Hof Weissbad. After a short, pleasant climb, you will reach a meadow and then the charming "Dürrnäsl" property. The hiking trail crosses more meadows and after the farmhouse "Schnidermartissepes", which is decorated with flowers until autumn, you reach the Trieberstrasse street, which you can follow to the next fork and continue hiking along the slope towards the Schwendner Church of St. Martin. It is worth taking a detour to the church. After crossing the Schwendebach stream and the Schwendetalstrasse street, the trail goes up through a meadow on the opposite side, alongside fantastic views of the Hoher Kasten. For a short while the trail continues on a road and then carries on along the edge of the forest high above the Chlustobel to Weissbad's residential quarters and eventually back to the Weissbad train station.
