

HIKING RECOMMENDATION

RIDGE WALK ON THE KRONBERG

Scenic tour with a sensational alpine panorama.

This trail leads over lush green meadows from Weissbad to Rechböhl and through a shady forest to Klosterspitz. The village of Appenzell lies in a pretty valley basin to the north, the Schwendetal Valley lies on the southeast side. Past the huts of Neuenalp, the trail continues through the Hochmoor, a bog, which is of national importance and has been under protection since 1992. The trail continues to the west toward the Alps of the Vorder- and Hinter-Wasserschaffen. Enjoy the view of Ebenalp, Schäfler, Altenalptürme, Öhrli and Säntis. Via Alp Blatten you will reach the Berggasthaus Scheidegg (mountain inn). Treat yourself to a typical Appenzeller speciality before tackling the last climb up to Kronberg. Finish your hike by taking a cable car back down to Jakobsbad.
